

EUROTRANS ATF TQ

Performance: C-4 SAE 30

Description: EURON PLUS EUROTRANS C-4 SAE 30 is premium quality oil formulated with the premium quality base oils and specially intended additives specially designed to delivers high oxidation stability, anti-wear, anti-rust, anti-foam characteristics in service. EUROTRANS C-4 SAE 30 is hydraulic transmission to meet General Motors ALLISON type C-4 specifications.

Application: Recommended for all vehicles fitted with automatic transmission and power steering to On-highway and off-highway equipment e.g. Car, trucks, LCVs, HCVs, dumpers, scrapers, excavators, crawler-tractors, etc.

Benefits:

- Delivers excellent transmission efficiency
- Provide greatest gear shift quality due to low temperature fluidity
- Possess the desirable friction properties that helps in smoother engagement / disengagement of clutch
- Excellent Anti-Wear, Anti-rust, Anti-corrosion properties for longer component life
- Provide excellent seal protection
- Advance cleanser properties that provide improved engine cleanliness and ensures consistent high performance of the engine

Characteristics:

Test Parameter	Test Method	Typical Value
Kinematic Viscosity @ 100° C, cSt	ASTM D 445	11.5
Viscosity Index	ASTM D 2270	100
Flash Point, (COC) °C	ASTM D 92	238
Pour Point, °C	ASTM D 97	-24
