

Product Data Sheet

UTTO – UNIVERSAL TRACTOR TRANSMISSION OIL

Performance: API GL-4

Description: EURON PLUS UTTO is premium quality wet brake which contains high level of hydraulic and transmission properties formulated with the finest quality base oils and specially intended additives specially designed to provide ultimate performance.

Application: Recommended specially for agriculture and road construction equipment designed for the small and heavy loaded hydraulics and transmissions with/without wet brakes.

Benefits:

- Possess high thermal stability and very low pour point
- Boosted with durable Anti-wear and Anti-corrosion properties
- Delivers high performance in extreme pressure and high temperature
- Provide optimum friction properties
- Hold high and stable viscosity index

Characteristics:

Test Parameter	Test Method	Typical Value
Kinematic Viscosity @ 100° C, cSt	ASTM D 445	14.9
Viscosity Index	ASTM D 2270	102
Flash Point, (COC) °C	ASTM D 92	246
Pour Point, °C	ASTM D 97	-27
